Israeli author Sigalit Dil visits YEDA Petach Tikvah

As part of our efforts to improve Hebrew language and literacy skills and to encourage reading among children in the YEDA Petach Tikvah School, we invited Sigalit Dil, a famous Israeli children's book author, to visit the school.

Dil, who has a doctorate in law and is an accountant by profession, has written nine books for children in horror, mystery and fantasy genres that have become bestsellers in Israel.

Dil, who devoted a whole day to the school, met all students in their classrooms, related how she became a writer, read selections from her books, and fascinated the children with stories from the world of imagination.

The students asked Meirav Bass-Peleg, the school leader, to purchase more copies of Dil's books for the library so that they can continue to read them again and again.

Sigalit Dil was undoubtedly an inspirational role model for them.
